## Sitges Modernist Mediterranean window

---

Cradle of Catalan modernism, this population of coastline offers a wide range of cultural opportunities, dining and entertainment options. Barcelona Deluxe offers the reader some of them. Sitges is one of the Catalan towns most frequently mentioned by art history. And it was in this town where important artists of the country developed an international reference cultural activity. Some of them even had direct contact with the flourish that saw Paris impressionism and laid the basis of movements that would end up calling Vanguard. Sitges, was connectada the world. Some of its most representative artists were Rusiñol Santiago, Ramon Miquel Casas and Utrillo.
