Plate Powe surprised with two new models

JAZMÍN CASTRESANA - 23/07/2010

Plate Powe surprised us twice with the launch of new models of fitness equipment.

The world premiere of the new model joins PR6 launching limited edition of William F1. The latter has the exclusive work permits

upper body with cardio.

The range is completed by the my5 model, the performances are smaller but have a more compact design making it highly attractive.
