Mother's Day's Best Memory

JAZMÍN CASTRESANA - 28/04/2010

On April 30, Javier Simorra will turn his store into an authentic professional photography studio: the perfect setting to make mothers the stars.

Javier Simorra and Jordi Farrús, the photographer from our last catalogue, are here to offer you a unique opportunity: a portrait alongside your children. On April 30, Javier Simorra will turn his store into an authentic professional photography studio, as Jordi Farrús is in charge of taking the photos, turning it into the perfect place for mothers to freeze memories alongside their children, enjoy a pleasant time and capture Mother's Day's best picture.

EGM Laboratorios Color will offer a free 13X18 colour copy for anyone who comes to the store thanks to Javier Simorra (C/ Prats de Molló, 20- 08020 Barcelona). A unique moment to commemorate Mother's Day.
